

Important Announcement

Attention: All Spurs League Coaches

As we navigate through these unprecedented times due to the effect of the Covid 19 pandemic, the City of Laredo Parks & Recreation Department would like to share an update on the Spurs Youth basketball league. Please bear in mind we are still uncertain as to the opening of the recreational facilities but would like to prepare all our coaches in the event we are able to proceed with the league at some point this year.

As this certification, mandated by the Spurs Youth Basketball League in order to participate, is currently only offered by them this month, we want to make sure our coaches are given the opportunity to get certified. Please note, the certification is good through January 2022.

Due to the low attendance at the coaches' certification, the Spurs Youth Basketball League is offering more certifications. Please choose the one that best suits your schedule.
